

## Silverfish 36V 48V 52V 10Ah 13Ah 15Ah 18Ah 20Ah Electric Bike Battery 500W 1000W 1500W Lithium Ion Battery

Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

### Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: IC
- Model Number: Lifepo4 Battery

### Product Specification

- Estimate Weight: Customized
- Size: Customized
- Case: Silver Fish
- Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike
- Battery Type: Lithium Ion
- Recommended Storage Temperature:  $23 \pm 5^{\circ}\text{C}$
- Battery Name: Silver Fish Ebike Battery Lithium Battery Pack
- Voltage/Capacity: 48V 36V
- Highlight: 20Ah Electric Bike Battery, 1500W Lithium Ion Battery, Silverfish Lithium Ion Battery

## Product Description

### Silverfish 36V 48V 52V 10Ah 13Ah 15Ah 18Ah 20Ah Battery 500W 1000W 1500W Electric Bike Bicycle Lithium Ion Battery Ebike

#### Product Description:

Product Overview: E Bike Battery

The E Bike Battery is a high-performance power source designed specifically for electric bicycles. It is equipped with a 3.2V 202Ah Lithium Ion battery, providing reliable and long-lasting energy for your bike.

With a customized size, this battery can easily fit into most electric bike models, making it a versatile option for riders of all kinds. It comes in a sleek silver color, adding a touch of style to your bike.

The E Bike Battery is available in two voltage/capacity options: 48V and 36V. The 48V option offers a higher voltage, providing more power and a faster ride. The 36V option is ideal for those who prefer a smoother and more controlled ride.

One of the key features of this battery is its 3.2V LiFePO4 battery technology. This type of lithium ion battery is known for its high energy density, stable performance, and long lifespan. It is also environmentally friendly and safe to use.

For optimal performance, it is recommended to store the E Bike Battery at a temperature of  $23 \pm 5^{\circ}\text{C}$ . This will ensure that the battery stays in good condition and maintains its capacity for longer periods of time.

Experience the convenience and power of the E Bike Battery. Whether you're commuting to work or exploring new trails, this battery will provide a reliable and efficient energy source for your electric bike.

## Products Description

### Welcome OEM

- "Customized" battery voltage, capacity, size and case.
- "Customized" BMS charging and discharging current, balance function with communication protocol, etc.
- "Customized" connect plug and socket Cable, waterproof
- "Customized" special battery packs for any applications

### QUALITY

Authoritative review  
CE, UL, SGS, FCC, ROHS,  
and ISO9001:2000  
certified

### EXPERIENCE

We have been in lithium  
battery pack for more  
than 10 years

### EQUIPMENT

Silver Fish 48V 36V 10Ah  
15Ah 20Ah ebike bicycles  
battery case 18650  
Lithium ion Battery Pack

<b>Battery Name</b>	silver fish ebike battery lithium battery pack
<b>Nominal voltage</b>	48V 36V
<b>Nominal Capacity</b>	10Ah Can be customized
<b>Standard discharge current</b>	0.2C
<b>Max discharge current</b>	1C
<b>Standard charge current</b>	0.2C
<b>Fast charge current</b>	0.5C
<b>Over discharge cut off voltage/series</b>	2.4 ± 0.06V
<b>Over charge protection voltage/series</b>	4.25± 0.03V
<b>Discharge working temperature</b>	-20-60°C
<b>Charge working temperature</b>	0-45°C
<b>Recommended storage temperature</b>	23 ± 5°C
<b>Weight</b>	about 4.2Kg
<b>We will different cells for different applications.</b>

Estimated Weight: Customized

The E Bike Battery by enook is a high-quality, reliable and efficient power source for your electric bike. This battery is designed to provide long-lasting power and enhance your riding experience. With its advanced technology and superior materials, it is the perfect companion for your e-bike adventures.

**3.2V 202Ah Lithium Ion Battery**

The E Bike Battery features a 3.2V 202Ah lithium ion battery, which is known for its high energy density, long cycle life and low self-discharge rate. This means that you can ride your e-bike for longer distances without having to worry about recharging frequently. Moreover, the battery has a built-in battery management system that ensures safe and stable performance.

**Lightweight and Durable**

The battery is designed to be lightweight and compact, making it easy to install and carry. It is also equipped with a durable casing that protects it from external damage, ensuring its longevity and reliability.

**Multiple Voltage and Capacity Options**

The enook E Bike Battery is available in two voltage options - 48V and 36V - to suit different e-bike models. Additionally, you can choose from a range of capacities to match your riding needs. Whether you are a daily commuter or a weekend adventurer, there is a perfect battery option for you.

**Customizable Weight**

We understand that every e-bike is unique, and that is why our E Bike Battery comes with customizable weight options. This feature allows you to choose the weight of your battery according to your e-bike's specifications, ensuring a perfect fit and optimal performance.

**Recommended Storage Temperature**

The recommended storage temperature of the battery is 23 ± 5°C, which helps to maintain its performance and prolong its lifespan. This means that you can store the battery at room temperature without worrying about any negative effects on its performance.

**Perfect for All Terrains**

Whether you are riding on smooth city roads or rough terrains, the enook E Bike Battery is designed to withstand all kinds of environments. Its superior quality construction and advanced technology make it suitable for all types of terrain, providing you with a smooth and powerful riding experience.

**IC Certified**

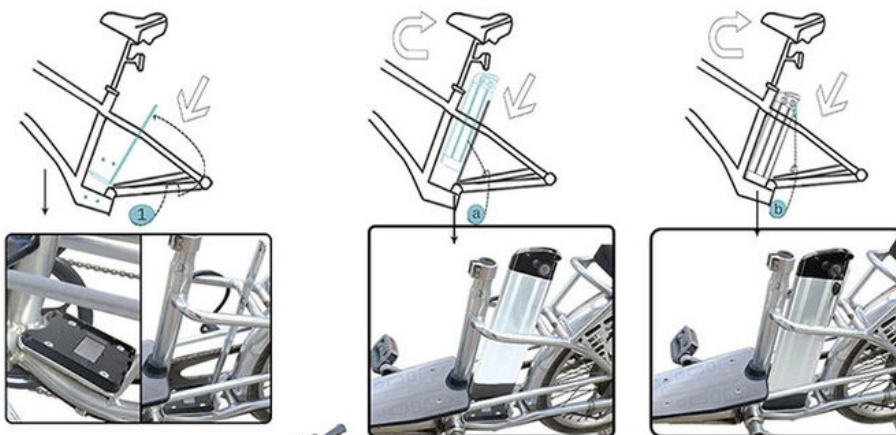

The enook E Bike Battery is IC certified, which means that it meets all the required safety standards and regulations. This certification ensures that you can ride with peace of mind, knowing that your battery is safe and reliable.

Upgrade your e-bike with the enook E Bike Battery and take your riding experience to the next level. With its advanced technology, customizable features, and superior performance, it is the perfect power source for your electric bike. Get your enook E Bike Battery today and start your next adventure!

## Installation Instruction

## Features

We are a lithium battery manufacturer, so we can provide you with customized services;  
The capacity and dimension can customize according to your request:

- 01 Customized battery size and shell material
- 02 Customized BMS charging and discharging current
- 03 Customized connect plug and socket, connector wire

[product name] : Lithium battery case	[shell material] : Aluminum alloy
[Applicable voltage] : 48V	[Product color] : Silver black
[Scope of application] : Suitable for many brands of 48v lithium battery casings on the market	

### Customization:

Enook Lifepo4 Battery

Brand Name: enook

Model Number: Lifepo4 Battery

Place of Origin: china

Certification: IC

Case: Sliver Fish

Estimate Weight: Customized

Battery Type: Lithium Ion

Battery Name: Silver Fish Ebike Battery Lithium Battery Pack

Color: Sliver

Introducing our customized service for the Enook Lifepo4 Battery! Our battery is designed and produced in China, with the highest quality standards and certifications.

With our customized service, you can choose the exact specifications and features you need for your battery. Our 3.2V LiFePO4 Battery is the perfect choice for your e bike, ensuring long-lasting power and performance.

The Sliver Fish case provides a sleek and compact design, while our lithium ion battery guarantees reliability and durability. And with the option to customize the weight of your battery, you can ensure it fits perfectly with your e bike.

So why settle for a standard battery when you can have a customized one? Choose Enook for your e bike battery needs and experience the difference in quality and performance.

## Packing and Shipping:

Product: E Bike Battery

Packaging and Shipping

Our E Bike Battery is carefully packaged to ensure safe delivery to our customers. Each battery is wrapped in protective materials and placed in a sturdy box to prevent any damage during shipping.

For domestic orders, we use reliable and efficient shipping services to ensure prompt delivery. Customers can expect to receive their

orders within 3-5 business days after placing an order.

For international orders, we work with trusted shipping partners to deliver our products worldwide. Delivery times may vary depending on the destination, but customers can expect to receive their orders within 7-14 business days.

Our packaging process also includes thorough quality checks to ensure that each battery meets our high standards before being shipped to our customers.

For any special shipping requests or inquiries, please contact our customer service team for assistance.

Thank you for choosing our E Bike Battery. We hope you enjoy your new purchase!

## Company Introduction

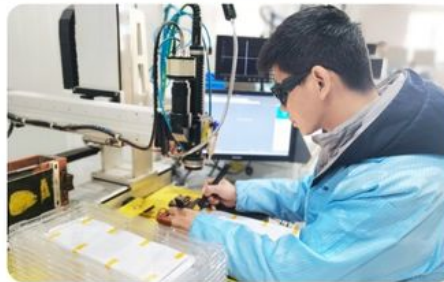

ChangSha Enook Technology Co., Ltd located is an outstanding solution service provider in Lithium Battery Management System(BMS) industry, focusing on the R&D, design, production and sales of Apexium DIY kits, BMS and batterieis for more than 15 years. With its strength, it can provide customers with first-class software and hardware devel- opment and after-sales services.

Quality first is our principle, Satisfying all our customers is our tenet, win-win business is our aim. Dedicated to strict quality control and thoughtful customer service, our experienced staff members are always available to discuss each detailed requirements from customer and ensure full customer satisfaction.

In addition, we have obtained certificates. MSDS UN38.3 MSDS, ROHS, UL ect. All our products keep selling well not only around China, but also in USA, Philippines, Germany, England Australia, Russia, France and other European and Asia countries. Fast delivery is one of our advantage, selecting a current products from catalogue, or customized products, 3~5 days is the normal time to prepare for the goods, OEM & ODM orders can be acceptable.

Please don't hesitate to contact us if you have any requirement, we'll provide our best service to you.
