

High Quality 48V 280Ah Golf Cart Battery 38.4V 50Ah Golf Cart Lifepo4 Battery Box

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

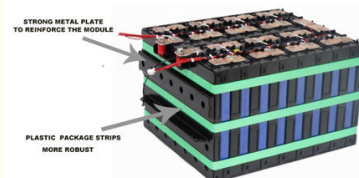

Product Specification

- Cycle Life: >4000 Cycles
- Size: 472*334*243mm
- Sizes: Customized
- Working Temperature: -20-65
- Cut-Off Voltage: 40V
- Storage Temperature: 0-45
- Continuous Discharge Current: 150A
- Rechargeable: Yes
- Highlight: 280Ah Golf Cart Battery, 38.4V Golf Cart Battery, Golf Cart Lifepo4 Battery Box

Product Description

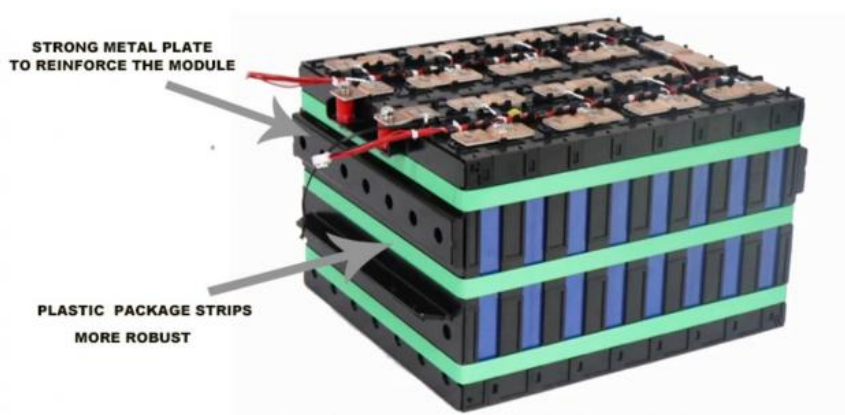

Product Description:

The Golf Cart Battery features a peak discharge current of 300A, which ensures that it can handle any power demand that your golf cart may require. Additionally, it has a cut-off voltage of 40V, which helps to prevent overcharging and ensure safe operation. One of the standout features of the Golf Cart Battery is its impressive cycle life. With more than 4000 cycles, this battery is built to last. You can count on it to deliver reliable power for many years to come, making it a smart investment for any golf course or individual golfer. The Golf Cart Battery is also designed with convenience and ease of use in mind. It comes equipped with BT monitoring and GPS display, which allows you to keep track of your battery's performance and location in real-time. Additionally, it has an optional heating feature, which ensures that your battery will operate smoothly even in cold weather conditions. With a weight range of approximately 40.0kg, the Golf Cart Battery is lightweight and easy to handle. This makes it a breeze to install and maintain, and it won't weigh down your golf cart or impact its performance. Overall, the Lithium Ion Golf Cart Battery is a top-of-the-line product that delivers exceptional performance and reliability. Whether you're a golf course owner or an individual golfer, this battery is sure to meet your power needs and exceed your expectations.

ENOOK®

GOLF CART BATTERY MODULE STRUCTURE SAFER, ROBUST

51.2V 105AH HIGH QUALITY MODULE

Features:

Product Name: Golf Cart Battery
Continuous Discharge Current: 150A
Storage Temperature: 0-45
Weight: Approx. 44.7kg
Battery Cells: Grade A Automatic Cells
Battery Type: Lithium Iron Phosphate

Tracked by mobile phone

GPS Positioning

Optional

The batteries with GPS positioning function help for tracking the golf cars it is very popular for golf carts leasing companies.

Technical Parameters:

Product Name	Golf Cart Battery
Battery Type	Lithium Iron Phosphate (Lifepo4)
Peak Discharge Current	300A
Cut-Off Voltage	40V
Battery Cells	Grade A Automatic Cells
Warranty	10 Year
Size	472*334*243mm

Weight	Approx. 4.0~40.0kg
Voltage	72v battery pack
OEM/ODM	Yes
Application	Golf Carts

Golf Cart

LiFePO4 Battery

- Support Big Current for Climbing hills(200A/250A/300A)
- GPS Positioning
- BT monitoring/Display Screen optional
- Grade A Famous LiFePO4 Prismatic Cell
- Low Temperature Heated System
- Longer cycle life, safer
- Print your own brand**

24V/36V/72V

5 Years Warranty

Applications:

The enook Golf Cart Battery is manufactured in China and is certified by CE, ROHS, FCC, UN38.3, and MSDS, ensuring that it meets the highest standards of quality and safety. This battery has a storage temperature range of 0-45 , making it suitable for use in a wide range of climates and conditions.

The enook Golf Cart Battery is an ideal choice for golfers who need reliable and long-lasting power for their carts. With a charge voltage of 58.4V, this battery can provide plenty of power for multiple rounds of golf. Its high cycle life of over 4000 cycles means that it can last for many years without needing to be replaced.

The enook Golf Cart Battery is also highly customizable, with OEM and ODM options available for customers who want to tailor the battery to their specific needs. Whether you need a different voltage or capacity, enook can work with you to create a battery that meets your requirements.

The enook Golf Cart Battery is perfect for a variety of golfing occasions and scenarios. Whether you're playing a round of golf with friends or competing in a tournament, this battery can provide reliable power to keep your cart running smoothly. Its 72v battery pack is designed to deliver consistent performance, even on hilly courses or in challenging terrain.

In summary, the enook Golf Cart Battery is a high-quality, reliable, and long-lasting power source for golf carts. Whether you're a casual golfer or a serious competitor, this battery is a great investment that will provide years of reliable performance.

Battery Details

Customization:

Customize your enook Golf Cart Battery with our Product Customization Services!
Our Golf Cart Battery is a top-of-the-line, high-quality battery pack made from Lithium Iron Phosphate, ensuring long-lasting durability and performance.
Each battery is manufactured in China and comes with CE, ROHS, FCC, UN38.3, and MSDS certifications, guaranteeing its safety and reliability.
With a 10-year warranty and availability in stock, you can trust that your enook Golf Cart Battery will last for years to come.
The battery pack measures 472*334*243mm and is designed to provide the power and performance needed for your golf cart. And with

our OEM/ODM services, we can customize the battery to meet your specific needs and requirements. Choose enook for your Lithium Iron Phosphate 72v battery pack needs and experience the highest level of quality and performance.

Ultra Safe Robust Durable Module Structure

48V 105Ah LiFePO4 Battery

Packing and Shipping:

Product Packaging:

The Lithium Ion Golf Cart Battery product comes in a sturdy cardboard box with cushioning materials to prevent damage during shipping.

The battery is enclosed in a protective casing to ensure safe transport.

The packaging includes a user manual and safety instructions.

Shipping:

The Lithium Ion Golf Cart Battery product is shipped via ground transportation.

The shipping cost is calculated based on the weight and destination of the package.

Shipping times may vary depending on the location of the customer.

Tracking information is provided to the customer once the product has been shipped.

PACKAGING & SHIPPING

A. PACKING

- 1). Best Quality 5-layers exporting carton or Customized Outer Packaging for Paper Bags;
- 2). Carton Size: Customized or based on actual weight and volume.

B. TRANSPORT

- 1). By Express (3-15 working days), there are express shipping or economic shipping, suitable for Small Quantity.
- 2). By Train (30-50 days), for EU Country, including customs clearance, all the import tax fees, and UPS delivery to the door.
- 3). By Sea (30-45 days), it is suitable for regular Mass Production.

Please tell us your requirement about the Shipping, so that we can provide solution to save your budget and meet your needs!
